**GENERAL NOTICES****PRACTICE NOTE SEVEN (7)****NOTICE OF RENEWAL OF TRADE MARKS**

1. Section 23 of the Trade Marks Act, Cap 506 of the Laws of Kenya and rules 64 to 70 of the Trade Mark Rules provide for renewal of trade marks upon expiry of ten (10) years from the effective date of registration or from the date of the last renewal. Renewal of a registered trade mark is effected on the Register of Trade Marks upon the registered proprietor of the trade mark duly submitting to the Registrar an application on Form TM 10 and payment of the prescribed fee. Rule 67 provides that where the renewal fee has not been received on the due date, the Registrar shall publish the removal of the trade mark from the Register for non-renewal. However, prior to the publication of a mark under rule 67, the legislation requires the Registrar to issue a notice for removal of the trade mark. Rule 65 provides that the Registrar shall issue a sixty-day notice to the registered proprietor of the trade mark. Rule 66 provides that the Registrar may issue a further thirty-day notice to the registered proprietor of the trade mark.
2. **It is hereby clarified** that in consideration of the discretion granted under rule 66, the Registrar has resolved to discontinue issuing of the thirty-day notice under the rule.
3. **Further, it is hereby clarified** that where an Examiner of Trade Marks provisionally refuses registration of a later mark on account of existence of an earlier trade mark that is due for renewal and whose sixty-day notice under rule 65 had not been duly issued, the Examiner shall ensure that the notice is immediately issued and shall, in the provisional refusal letter, notify the Applicant of the later trade mark of the actual date of the notice for purposes of determining the date when the sixty-day period under rule 65 expires.

**Dated this 30<sup>th</sup> day of June 2017**

**Mr. Sylvance A. Sange**  
Registrar of Trade Marks

**PRACTICE NOTE EIGHT (8)****Amendments to the Industrial Property Act, No. 3 of 2001**

1. It is hereby notified for general information of the public that various provisions of the Industrial Property Act, No. 3 of 2001, Laws of Kenya (the Act) were amended through the Statute Law (Miscellaneous Amendments) Act, No. 11 of 2017 (Available at <http://kipi.go.ke/index.php/practice-notes>). Page 195 of the Miscellaneous Amendments Act indicates the effective date of the amendments as 4<sup>th</sup> May 2017.
2. The Act has already been revised by the National Council for Law Reporting and the amendments to the Act have already been duly incorporated (Available here: <http://kipi.go.ke/index.php/practice-notes>).
3. The following table clarifies how the amendments affect practice at the of Patent Registry:

No.	Amended Section	Amendment Achieved	Effect of Amendment
1.	Section 22	Section 22 was amended by inserting the word "and" immediately after the words "inventive step" and deleting the words "or is a new use".	The phrase "new use" was not necessary considering the fact that "new use" is not one of the criteria for patentability as provided for under the Act.
2.	Section 28	Section 28 was amended by deleting subsection (4).	This provision was superfluous since the Act defines an application in section 2.
3.	Section 36	Section 36 was amended by: (i) deleting the words "one or more" and substituting thereof the words "two or more" in subsection (2); and (ii) adding the following new subsection immediately after subsection (2): (3) The Cabinet Secretary may make regulations for the carrying out of the provisions of this section.	To correct a typographical error.
4.	Section 41	Section 41 was amended by: (i) inserting the words "and address" immediately after the word "name" in subsection (1) (a);	To obligate applicants to provide both their name and address.
		(ii) deleting sub section (6); and	This provision has never been implemented and the requirement only places an unnecessary burden on the Institute.
		(iii) deleting sub section (7) (d).	The provisions of this subsection was difficult to enforce since it was not possible for the applicant to furnish copies of search and examination report at the time of carrying out formality examination. The provisions of section 38 are sufficient.
5.	Section 42	Section 42 was amended by: (i) inserting the following proviso below subsection (1):  "Provided that the Managing Director may at the request of the applicant, publish the application before the expiry of eighteen months." (ii) Inserting the following new subsection immediately after subsection (3)-	To allow patent applications to be published before 18 months at the request of the applicant.

No.	Amended Section	Amendment Achieved	Effect of Amendment
		(4) The Cabinet Secretary may make regulations for the carrying out of the provisions of this section	
6.	Section 44	<p>Section 44 was amended by:</p> <p>(i) deleting sub section (1);</p> <p>ii) deleting subsection (2) and substituting thereof the following:</p> <p>(2) Where an application for a patent satisfies the requirements specified in section 41(7), the Managing Director shall notify the applicant who shall within five years from the filing date of the application, submit a request as prescribed for examination of the application pursuant to the provisions of subsection (3): Provided that where no request is made within the prescribed period, the application shall be deemed to be abandoned.</p> <p>(iii) Adding the following new paragraph-</p> <p>3(c) the application complies with the requirements of unity of invention prescribed in section 35.</p> <p>(iv) deleting sub section (4);</p> <p>(v) deleting sub section (5);</p> <p>(vi) deleting sub section (6);</p> <p>(vii) deleting subsection(7) and substituting thereof the following: (7) Where the Managing Director is of the opinion that any of the conditions referred to in subsection (3) are not fulfilled, he shall notify the applicant accordingly and invite him to make his observations, and where applicable, to amend his application.</p> <p>(viii) deleting (2) and substituting thereof (3) in subsection (8).</p>	<p>This provision was not necessary and has never been implemented. In practice all patent applications are subjected to substantive examination.</p> <p>The amendment increases the period for requesting substantive examination from three years to five years. This is to address a problem with PCT applications which enter national phase in the 30<sup>th</sup> month (21/2 years) from international filing date, which means that such applicants have only about six months to apply for substantive examination. This is usually a short time considering that most of the PCT applications are by persons who are non-Kenyan residents.</p> <p>To allow examination for compliance with unity of invention during substantive examination rather than as a separate examination.</p> <p>This provision was not necessary since examination of applications is already provided under sub section (3).</p> <p>The provisions under this subsection have been incorporated in the amendment effected to section (44) (3) (c) above.</p> <p>The deleted provisions are part of procedure and they will be transferred to the Regulations.</p> <p>This amendment follows from the amendment effected to section 44 (3) above and provide for the correct cross-reference.</p> <p>To provide for appropriate cross-reference.</p>
7.	Section 45	Section 45 was amended by inserting the expression "41 or" immediately before the expression "44" in subsection (1).	To insert a missing reference and to prescribe other granting procedures in the Regulations.

No.	Amended Section	Amendment Achieved	Effect of Amendment
8.	Section 54	Section 54(2) was amended by deleting the words “the Institute” and substituting thereof the words “a relevant authority”.	According to the Act, Institute means the Kenya Industrial Property Institute (KIPI). However, KIPI does not give marketing approval. This is done by other authorities such as the Pharmacy and Poisons Board, in the case of pharmaceutical products, or the Pest Control Products Board in the case of pesticides. The effected amendment clarifies this position.
9.	Section 82	Section 82 (2) was amended by: (i) Inserting the expression "42" immediately after the expression "24". (ii) Inserting the following new subsection immediately after subsection (2)— (2A) An application for a utility model certificate shall be published in the Industrial Property Journal upon compliance with the requirements of section 41.	To provide for publication of utility model applications upon compliance with formal requirements rather than after 18 months.
10.	Section 103	Section 103 was amended by deleting subsection (2).	The deleted subsection was a repetition of and contradicted subsection (1).

Dated this 30<sup>th</sup> day of June 2017

Managing Director

(51) Int.Cl.2016.01: H 04L 5/00, H 04W 72/00

(57): Some embodiments provide a method for transmitting a downlink control channel in at least one block of resources. The downlink control channel comprises a set of resource element groups. The method may be executed by a transmitting node, e.g., an eNB. The transmitting node first determines whether to transmit the downlink control channel using localized or distributed transmission. Responsive to determining to use localized transmission, the transmitting node performs the transmission such that all resource element groups in the set that are comprised in the same block of resources are mapped to the same antenna port, and the antenna port depends on which subset of resource element groups in the block of resources are used for the downlink control channel.

(54) SYSTEM AND METHOD FOR EXECUTING DYNAMIC INSURANCE ON AIRTIME AND TRANSACTION BASED PLATFORM

(57) A system comprising insurance service providers (1), dynamic purchase channels (6) consisting of mobile channels (6a), pre-paid debit cards (6b), pre-paid credit cards (6c), financial institutions (3) and centralized system management (4) adapted to execute dynamic insurance (2) as shown in Fig. 1 below. Under the cover, premium is collected on accumulative basis through channels partners (5) using a software application (7) for dynamic policy management, wherein the term dynamic refers to the ability to accumulate the premium through multiple inputs of payments. The application is able to deduct instant airtime commission contribution ranging from 0.5% to 25% of cumulative premium. The vendor contributes a percentage over short or long-term endowment for individual or group type cover policy model comprising life, education, health and funeral cover to the subscriber or a combination thereof. The invention further avails a mechanism (3A - 3B) and methodology of executing the system comprising defined steps.
